Outreach Position II (lead: Dr. Melody Basham)

Do you have technical skills? Join the InsectARium team and help in the production of educational learning tools. Just a few examples of areas in need include:
• Photoshop editors.
• 3D modelers. Basic knowledge of modeling software such as Maya or Blender as well as basic modeling and animation techniques.
• Digitization of specimens.
• Content researchers and editors.
• Digital media management that will require data entry and tagging of 3D models and images.

Interested students please contact nico.franz@asu.edu as soon as possible.
